

Undergraduate Study Abroad Scholarships College of Education, Michigan State University

Student Application Information 2023-2024

The College of Education at Michigan State University is pleased to invite applicants for the *Dean's Scholarship for Undergraduate Study Abroad, Preparing Teachers for Global Classrooms through Study Abroad*, and the *Ian J. Render Memorial Scholarship for Study Abroad to South Africa*. The purpose of these scholarships is to further MSU's mission of advancing knowledge and transforming lives by providing access to opportunities to acquire the knowledge and skills that will enable future educators and researchers to critically examine and apply solutions to challenging educational issues, locally and globally. College of Education and MSU-approved study abroad experiences are intended to result in the integration of international perspectives into students' academic programs and to inform their subsequent work in diverse contexts. The scholarships will significantly lower expenses that create barriers to study abroad and will thereby enable student engagement in powerful learning toward greater understanding of diverse peoples, cultures, and professional practices.

Two *Dean's Scholarships for Undergraduate Study Abroad* of \$1,000 each will be awarded to help students cover expenses that exceed on-campus costs related to their chosen **College of Education study abroad program during the summer of 2023**.

Three *Preparing Teachers for Global Classrooms through Study Abroad Scholarships* of \$1,000 each will be awarded to help students cover expenses that exceed on-campus costs related to their chosen **MSU-approved study abroad program taking place in Africa, Asia, or Latin America during the summer of 2023, fall of 2022, or spring of 2024**.

One *Ian J. Render Memorial Scholarship for Study Abroad to South Africa Scholarship* of \$3,000 will be awarded to help a student cover expenses that exceed on-campus costs related to their chosen **College of Education study abroad program to South Africa during the summer of 2023**.
