

Rensselaer

Position Responsibilities and Qualifications

The student experience office is seeking to fill the position of Class Dean.

The position is responsible for:

- Providing individualized academic and personal guidance for students in respective class that ensure and supports the welfare and success of students.
- Overseeing class specific initiatives that build affinity groups, promote student engagement and support retention efforts
- Administering intervention strategies for class-specific concerns and individual concerns to improve respective cohort's overall experiences

The successful candidate will have a Master's Degree and 5 or more years of professional experience. A demonstrated understanding of the needs of and support for diverse student populations is expected. To be considered, qualified individuals must apply on line at <http://rpijobs.rpi.edu>.

Student Experience

The Student Experience (SE) office, part of Rensselaer's Division of Student Life, aims to ensure that all undergraduate students are successful both in and out of the classroom. Facilitating the transition from high school through graduation, the SE team provides guidance, support, challenge, and intervention to students. As a keystone in Rensselaer's CLASS (Clustered Learning, Advocacy, and Support for Students) Initiative, the SE office's collaborations span across Institute divisions and the five schools.

Rensselaer Polytechnic Institute

Rensselaer Polytechnic Institute, founded in 1824, is the nation's oldest technological university. The university offers bachelor's, master's, and doctoral degrees in engineering, the sciences, information technology, architecture, management, and the humanities and social sciences. Institute programs serve undergraduates, graduate students, and working professionals around the world. Rensselaer faculty are known for pre-eminence in research conducted in a wide range of fields, with particular emphasis in biotechnology, nanotechnology, information technology, and the media arts and technology. The Institute is well known for its success in the transfer of technology from the laboratory to the marketplace so that new discoveries and inventions benefit human life, protect the environment, and strengthen economic development.

Albany / Capital Region

The cities of Albany, Saratoga Springs, Schenectady and Troy and their surrounding communities, which make up the Capital Region and the heart of Tech Valley, are home to some of the best resources in the country, as recognized by rankings from national organizations and publications that track schools, business climate, quality of life and other important aspects of living, working and doing business in the region. According to Forbes rankings in 2010, Albany-Schenectady-Troy were ranked #9 in America's Best Places to Raise a Family, #15 for America's Most Innovative Cities, and #30 for Best Bang-for-the-Buck Cities. According to New Geography's 2010 rankings, the area was #17 for Best Cities for Job Growth and Portfolio.com ranked Albany #24 for Best Markets for Young Adults in 2010.
